

POSITIVE IMPACT EVENTS

SOCIAL MEDIA & COMMUNICATIONS

Here are examples of social media you can use to tell your communities that you are engaging with the United Nations Sustainable Development Goals. Don't forget you can also tweet a picture of a practical action at your event using #sharepositiveimpact and that will be added to our library of examples of how events can be used to achieve the SDGs.

PROCESS

Each tweet will include a range of hashtags, but should always include: #EventsCreateChange (which is for our brand tracking for this campaign) #Act4SDGs which is the UN hashtag

TWEETS
